Outside of Station Functions, Significant Events, Alarms:

- Unlike the previous month, only one alarm for a structure fire the month of January. This alarm was quickly reduced to a single unit response as it was determined to be smoke coming from a hot motor on the furnace.
- This month also delivered a non-typical amount of rescue alarms, with only two responses for motor vehicle accidents. Typically US 131 is good for six or eight calls a month, especially with the snow falling.
